The DOT identified 20 maintenance garages that need wastewater sewer hookups to municipal sanitary sewer systems or reclamation systems in order to comply with the federal National Pollutant Discharge Elimination System (NPDES) program and its corresponding State wastewater permit requirements in relation to the level of Total Dissolved Solids in the water. Total cost for the project is estimated to be \$6,815,000. The DOT will complete the effort over seven fiscal years and will request approximately \$1,000,000 each year during that time. The garages identified are: Carlisle, Davenport, Denison, Dyersville, Malcom, Newhall, Dubuque, Maquoketa, West Burlington, Carroll, Independence, Knoxville, Correctionville, Elkader, Hanlontown, Latimer, Tipton, Chariton, Osage, and Oskaloosa.

4 18 16. For replacement of the Swea City garage:

4 19 .....\$ 2,100,000

Primary Road Fund appropriation for costs associated with constructing a new maintenance garage in Swea City.

DETAIL: This is a new appropriation for FY 2012. Typically, the DOT receives annual appropriation for a new maintenance garage. Swea City garage replacement was deferred in FY 2011. The Department has 109 maintenance garages and tries to replace one a year. The Swea City garage was built in the 1930s and does not meet the operational needs of the maintenance crew or energy efficiency standards.

4 20 For purposes of section 8.33, unless specifically provided  
4 21 otherwise, moneys appropriated in subsections 10 through 16  
4 22 that remain unencumbered or unobligated shall not revert  
4 23 but shall remain available for expenditure for the purposes  
4 24 designated until the close of the fiscal year that ends  
4 25 three years after the end of the fiscal year for which the  
4 26 appropriation was made. However, if the project or projects  
4 27 for which such appropriation was made are completed in an  
4 28 earlier fiscal year, unencumbered or unobligated moneys shall  
4 29 revert at the close of that same fiscal year.

Requires nonreversion of funds appropriated for capital improvements in Sections 2.10 through 2.16 for four fiscal years. Funds are available through the end of FY 2015.
